TATUM REID PHOTOGRAPHY

Wedding Album Guide

A guide to help you
create a
lasting heirloom of
your wedding day

Fine Art Photo Albums

Each album is unique and personally designed by me to your specifications, with the option to customise it by the number of images, size, cover materials, and colours. I also offer smaller, down-scaled versions of your album - the perfect keepsake or gift for family and friends.

The most popular size is 10 x 10" (with the option to upgrade to 12 x 12") and includes 100 images, with the flexibility to add more if you wish.

Every album features lay-flat binding, allowing your images to flow seamlessly across the centre spread. Printed using archival inks on museum-grade paper that won't fade or yellow over time, these albums are designed to be treasured heirlooms for generations to come.

Your cover is etched with your names and/or wedding date, and each album comes beautifully presented in a matching display box with coordinated materials and colours.

OUR DAY

The Process

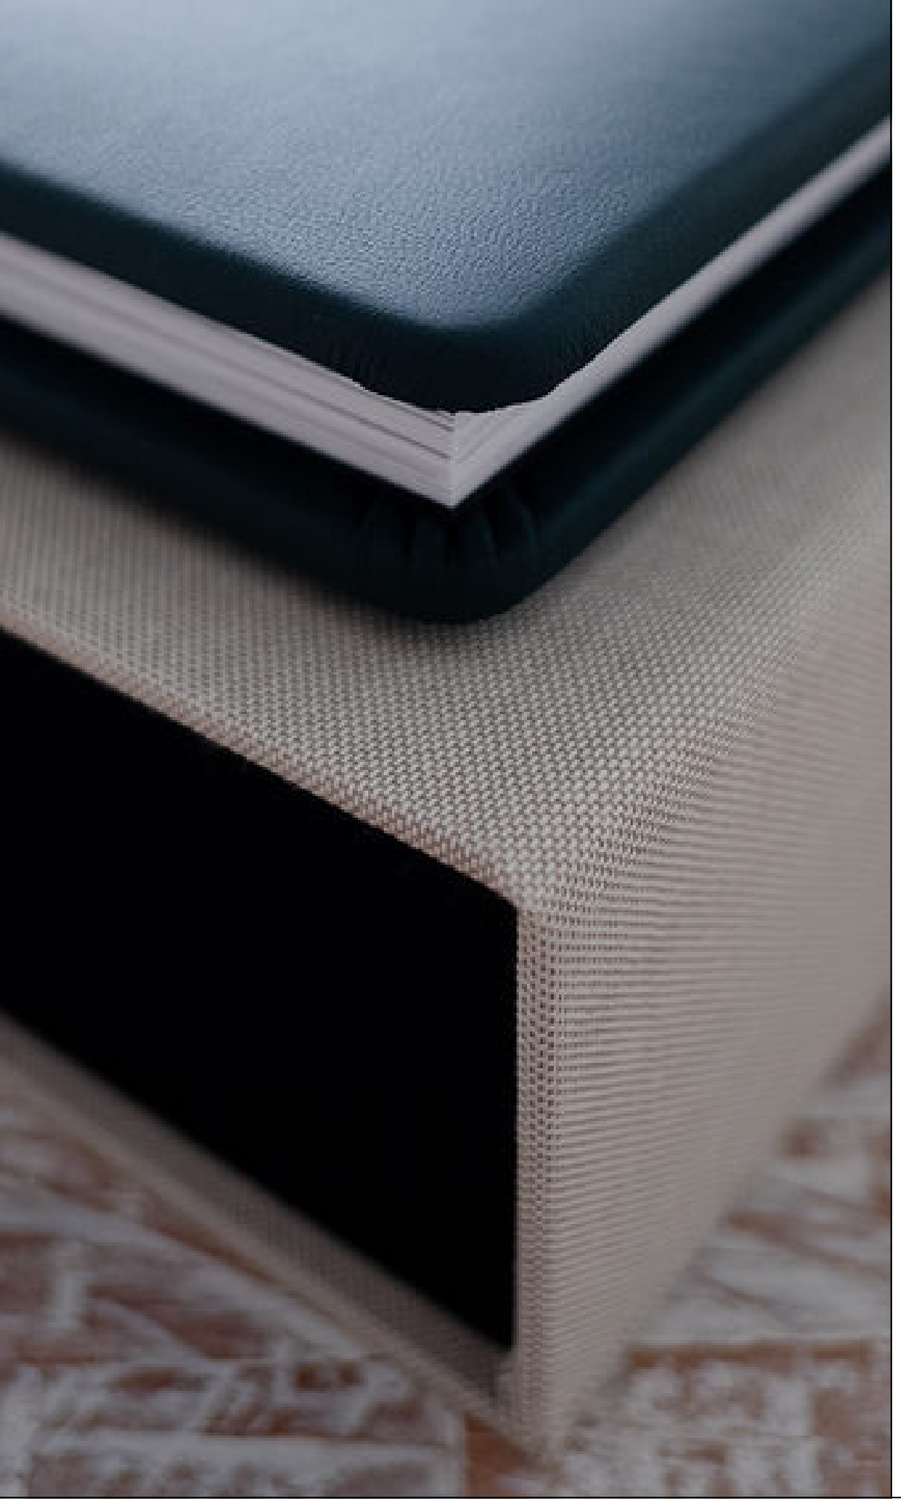

Select your favourite 100 (or more if agreed) images from your wedding gallery

Receive the design of your 1st Draft (within 1 week)

Review you 1st Draft and give feedback. This proccess can be repeated to ensure you are satisfied.

Sign-off on the final design and confirm cover options like material, material and wording etc

Delivery of album within approx. 3 weeks

Advice On Choosing Images

Your wedding album should tell a story - a balanced collection of images that reflect every part of your day.

Included in the cost of your album are three design drafts, giving you multiple opportunities fine-tune the layout.

Think of your album as a film or novel with a clear beginning, middle, and end:

- Beginning: Excitement and anticipation - getting ready, the details, the venue, and bridesmaids/parent reveal
- Middle: The ceremony and reception - emotions, key moments, guest candids and formals, couple portraits, speeches, and decor.
- Ending: The evening - first dance, party moments, and romantic sunset portraits of the two of you.

When selecting your images, I recommend choosing around 10–15 fewer than your album's total capacity. This allows room for filler images - those small linking moments that help the pages flow naturally and tell your story seamlessly.

Album Features

- Personalised - bespoke design created just for you
- Lay-flat binding - for a seamless story-driven layout
- Archival inks - that won't fade over time
- Museum-grade paper - that won't yellow
- Personalised etching on the cover - with your names or wedding date
- Matching presentation box - crafted in coordinating material and colour
- Fully customisable - in size, number of pages, and cover options
- Smaller replica albums - perfect as gifts for family or friends

I'm always happy to create bespoke quotes for different album sizes, quantities, or combinations - just ask, and I'll do my best to accommodate your request.

Smaller Duplicates

Smaller replica albums are available to purchase as beautiful keepsake gifts.

These down-scaled versions of your main album are perfect for parents or grandparents which is the ideal coffee-table addition (and trust me, they'll love showing off your wedding photos to friends!).

Each down-scale album measures 8 x 8" and will perfectly match the material and colour of your main album, and comes in a standard black gift box.

You can also purchase gift vouchers for these albums - a lovely idea to present during speeches as a heartfelt thank you.

Album Investment

Fine Art Wedding Album — £700
Bespoke 10 x 10" luxury album with cotton smooth paper. Includes 40 pages with 100 images. Matching box, cover material/colour of choice and personalised etching on cover.
